TEXT MUST STAY WITH THIS LINE TO
AVOID BEING TRIMMED

FOLD LINE

PRINT WILL FOLD AT DOTTED
GREEN LINES

PLEASE NOTE: IMAGES USED IN THIS
LAYOUT NEED TO BE CMYK TIF FILES
AT A RESOLUTION OF 300DPI.

The diagram illustrates the layout for a book cover, divided into three main sections: BACK PANEL, FRONT PANEL, and a central spine area. The BACK PANEL and FRONT PANEL are separated by a vertical fold line, indicated by a dotted green line. The entire layout is enclosed within a red border, which represents the cut line. A blue line indicates the bleed area, extending beyond the red border. A curved line on the left side of the back panel suggests a rounded corner or a specific fold. The diagram also includes a legend on the left side, defining the colors and functions of the lines: blue for bleed, red for cut, purple for safety, and green for fold. A note at the bottom left specifies that images must be in CMYK TIF format at 300DPI resolution.
